## 2010 Financial Aid Grant Information and Application

### Helping Make Private Education More Affordable

The Iowa Independent School Tuition Organization (IISTO) was formed to help provide lower income families the opportunity to attend member private schools. A win for all, the IISTO is a charitable organization that receives voluntary cash contributions from individual Iowa taxpayers and then allocates those funds in the form of tuition assistance to eligible families that attend accredited nonpublic schools represented by the STO. Taxpayers who contribute to an STO receive a tax credit certificate, issued by the STO, equal to 65% of the donation. The contribution is also eligible for a federal tax deduction as well.

### Am I Eligible?

#### Eligibility for Tuition Assistance:

All families are eligible to apply; however, only those families whose total income (not adjusted gross income) falls below the income guidelines listed below qualify for assistance through this program. Families who do not qualify for this program, but feel they need assistance, should contact their member school for assistance.

Compare your income with the "maximum income" for your family size as shown on the table below. If your household income is LESS THAN the amount shown, you meet the current financial eligibility requirements for the IISTO.
